APIs, Cloud & Tools: REST API Integration, Python, Pinecone, Railway, Render, Netlify, Vercel, Git, GitHub

Design: UI/UX Design, Figma, Stitch, Website Optimization, AI-Assisted Development

Currently Learning: Next.js, Node.js, LangChain, LangGraph, Agentic AI

PROFESSIONAL EXPERIENCE

Frontend Developer — CodeClouds IT Solutions | Apr 2022 – 24 Jul 2026

- Developed responsive web applications and reusable UI components using React.js, JavaScript, WordPress, and modern CSS frameworks.
- Customized WooCommerce stores, product pages, cart and checkout experiences, and business-specific frontend functionality.
- Integrated REST APIs and third-party services and collaborated with designers and backend teams to deliver production-ready web experiences.

Front-End Developer — A1 Future Technologies | Dec 2021 – Apr 2022

- Built responsive client websites and reusable UI components using HTML, CSS, JavaScript, and WordPress.
- Implemented responsive layouts, interactive frontend features, and WordPress customizations based on project requirements.

Web Designer — First Rite IT Services | Jul 2021 – Jan 2022

- Designed and developed responsive business websites and interactive user interfaces.

SELECTED AI & SOFTWARE PROJECTS

Zyraluxe AI RAG Chatbot | Python | LLM | RAG | Embeddings | Vector Search

https://zyraluxe.in/ — Built an AI assistant for product and internal-document questions using retrieval, contextual prompting, embeddings, vector search, and grounded LLM responses.

AI Scam Detector | Python | LLM | Prompt Engineering | AI Evaluation

https://ai-scam-detector-8pof.onrender.com/ — Built an AI application that analyzes suspicious messages and provides structured risk, intent, reasoning, and evaluation feedback.

CineAI / Movie Recommendation AI | Python | LLM | Tool Calling | Web Search

https://movie-recommendator-ai.onrender.com/ — Built a conversational movie discovery application using natural-language queries and external search capabilities.

Matrimony Platform | React.js | WordPress

https://projapatibengalimatrimony.in/ — Developed a custom matrimony platform with profile management, interest requests, accept/decline workflows, and dynamic interactions.

ATS Resume Builder | React.js | TypeScript | REST API

https://ats-resume-builderr.netlify.app/ — Built a responsive resume-builder application using React.js and TypeScript with REST API integration.

React Portfolio Website | React.js | Responsive UI

https://subratahaldar.netlify.app/ — Created a responsive portfolio website showcasing projects and technical skills.
